Dear Sir/Madam,

NATO CODIFICATION IN AID OF EXPORT SALES

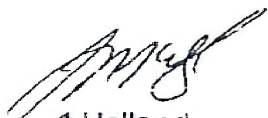

Further to your request for codification of items, we advise that your item(s) have been allocated NATO Stock Number(s), NSN(s).

We have attached for your information a print of the characteristic data recorded against the subject NSN(s).

When you notify overseas customers of the NSN(s), would you kindly advise them to register their interest in the item(s) with Defence Codification Agency - Computer Services. Once registered, your NSN(s) will remain on file and the customer(s) will automatically be kept up-to-date with any changes to the data held against the item of supply.

Our finance department will recover codification costs incurred, against your purchase order.

Yours faithfully

Mr Holland
For AD TES TI
